Key findings (Fall 2025 intake)

- Total programs listed (faculty-wise): 91
- Tuition fee per credit hour ranges from PKR 5,000 to PKR 9,500.
- First-semester tuition (tuition only) ranges from PKR 54,000 to PKR 171,000 (credit hours vary by program).
- In addition to tuition, applicants should budget for one-time and recurring allied charges (e.g., application processing, admission fee, security deposit, etc.).
- Some additional amounts may apply depending on taxpayer status (advance tax) and late payment (fine).

Notes / disclaimer

All amounts in this report are extracted from official Air University web pages and PDFs (see references). Credit hours shown are for the first semester only; actual semester credit hours and payable tuition can vary by program roadmap, repeat courses, lab/project registrations, and policy changes. Always confirm the latest fee schedule directly with AU admissions/finance before payment.

1. Fall 2025 intake - Allied charges (one-time / per semester)

The following allied charges are listed on the official AU fee structure page for the Fall 2025 intake. These are separate from tuition (per credit hour).

Charge / Item	Amount (PKR)	Remarks
Admission Application Processing Charges (Once at the time of application submission)	2,500	Non-Refundable
GAT(Gen/Sub) Fee (Once at the time of application submission) Applicable to those PG candidate who do not have pre-qualified test/ exemption	1,800	Non-Refundable
Admission Fee (Once at the time of Admission)	20,000	Non-Refundable
Endowment Fund (Once at the time of Admission)	5,000	Non-Refundable
**Miscellaneous Charges (Per Semester)	6,000	Refundable as per HEC Policy
Security Deposit (Once at the time of Admission)	10,000	Refundable After Clearance

Important note from the same page: it states that from the 2nd semester, PKR 5,500 would be charged (regarding miscellaneous charges).

2. Fall 2025 intake - Program-wise tuition (faculty-wise)

For each program, AU lists (a) tuition fee per credit hour, (b) first-semester credit hours, and (c) first-semester tuition (tuition only). The tables below reproduce those values, grouped by faculty/department as shown on the AU page.

3. International students - tuition fee waiver (Jan 2024 to Dec 2026)

AU's International Cooperation Office page states that from January 2024 to December 2026, AU is offering a tuition fee waiver for all international students, with a revised fee structure (80% tuition fee waiver) and no registration fee. Selected total-tuition figures are reproduced below.

Program (BS)	Total tuition (USD)	Duration
Bachelor of Electrical Engineering (Electronics, Power, Telecom)	9,510	4 years
Bachelor of Computer Engineering	9,510	4 years
Bachelor of Mechanical Engineering	9,018	4 years
Bachelor of Mechatronics Engineering	9,449	4 years
BS Computer Science	7,707	4 years
BS Cyber Security	7,707	4 years
BS Information Technology	7,707	4 years
Bachelor of Business Administration (Hons)	9,037	4 years
BS Accounting and Finance	7,914	4 years
BS Physics	6,176	4 years
BS Mathematics	6,136	4 years
BS English	5,888	4 years
MBBS (5 years)	66,022	5 years

MS totals on the same page are grouped (e.g., USD 2,536 for 2 years for a set of MS engineering programs; USD 3,312 for 2 years for other MS programs), with some programs listed with their own totals (e.g., MS Project Management, MBA). See the attached spreadsheet for a structured extraction of these lines.

The page also lists approximate additional costs (one-time) such as security deposit (10,000 PKR), admission fee (20,000 PKR) and allied charges (5,000 PKR), and recurring costs such as endowment fund (5,000 PKR per semester).

4. Advance tax on payment of fee (withholding)

AU provides guidance that, under Pakistani tax law (Section 236I), advance tax on fee is payable by those students (or their parents/sponsors) who are not on the Active Taxpayers List (ATL) and where the annual fee exceeds PKR 200,000; the page lists 5% as the advance tax rate and lists exemptions such as cases where annual fee does not exceed PKR 200,000 or where the student is on a full scholarship.

Because this withholding tax depends on taxpayer status and annual payable fee, it is not included in the program-wise tuition numbers above. Applicants should check current FBR/HEC guidance and AU finance instructions at the time of payment.

Appendix A. Earlier new-intake fee structures (Spring 2024 and Fall 2024)

AU has also published PDF fee structures for Spring 2024 and Fall 2024 new intake students. These documents include program-wise per-credit-hour tuition and first-semester credit hours/tuition, plus allied charges. They are included in the spreadsheet for reference and comparison.

Allied charges comparison (as per PDFs)

Charge	Spring 2024 (PKR)	Fall 2024 (PKR)	Fall 2025 (PKR)
Application processing	2,000	2,500	1,800
GAT/NTS fee	1,500	1,500	
Admission fee	20,000	20,000	20,000
Endowment fund	5,000	5,000	5,000
Miscellaneous (per semester)	5,000	5,000	6,000
Security deposit	10,000	10,000	10,000

Note: Spring 2024 PDF also states a '25% tuition fee discount on undergraduate evening programs only'.

Appendix B. Existing students (from Fall 2023) - tuition per credit hour

AU has also published PDFs describing per-credit-hour tuition to be charged to existing students from Fall 2023. Two publicly available versions (Fee_For_Existing_AU_Students1.pdf and Fee_For_Existing_AU_Students_2.pdf) contain small differences for a few items (e.g., BS/ MS Artificial Intelligence, MS Business Analytics, and MS Digital Forensics/ Cryptology). The attached spreadsheet includes both versions and a diff sheet.

Items with different per-credit-hour rates between the two versions

Item	Version 1 (PKR/CrHr)	Version 2 (PKR/CrHr)	V2 - V1
Bachelor of Science in Artificial Intelligence	8,470	7,700	-770
Master of Science in Business Analytics	8,470	7,700	-770
Master of Science in Artificial Intelligence	8,470	7,700	-770
Master of Science in Clinical Psychology	8,470	7,700	-770
Bio-Medical	8,470	7,700	-770
Master of Science in Digital Forensics	8,250	7,500	-750
Master of Science in Cryptology	8,250	7,500	-750
